<p>Cont. New Business:</p>	<p>Collaboration ideas:</p> <p>Darcy Kincaid/LCSC Early Childhood – We are getting a new building- the old high school for their division. They are thinking of doing a monthly event. Early STEM is something that might be a great collaboration. The week of the young child use the building to have an Early childhood – STEM. She still would need to talk with their Dean about her idea but is wondering if we would be interested in being involved. Heather Lee is another person she will visit with around Early STEM. Kristy Keeler – Director of Kids Club at Grangeville.</p> <p>Idaho Stars: Shelly and Ally keep hearing about the outdoor learning environment and outdoor play and messy play. They are thinking of maybe coming up with some sort of activity/theme around learning in the outdoor environment. How can we make it inclusive for all children to participate in outdoor play. Seeing a big need for child care facilities to provide and gain knowledge on the importance of outdoor play.</p>
